

**FEATURE MODERN KITCHENS** . . . The latest in color coordinated decorator designs are featured in the Balanced Power kitchens with the newest O'Keefe & Merritt appliances. Condensed work and

meal preparation area save steps for the housewife. The kitchens are found at Ray-Watt's "The Woods," located on Sepulveda Boulevard between Normandie and Vermont Avenues.

### Homes at The Woods Now Open

"We'll admit it doesn't seem much like Christmas, but the holiday season will be upon us before you know it," according to Wes Lohrey, sales director of "The Woods."

"If you have been thinking of buying a new home, now is the time to do it. Today at 'The Woods' we can offer immediate occupancy on most tri-level Balanced Power homes in our community. With a minimum of trouble we can have you in and settled for the Thanksgiving and Christmas season."

Families living in the Ray Watt community will find their homes perfect for entertaining. The large spacious rooms, arranged in tri-level design, are ideal for the most intimate of supper parties, or the gayest New Year's Eve Party.

**THE SPARKLING O'Keefe & Merritt kitchens** are also well suited for those large Holiday meals. Homebuyers may choose from several fresh decorator colors for the kitchen. Every kitchen is complete with a gas oven and a range and food disposer. The large family room on

the lower level will get its share of use at every holiday party. With its built-in wet bar beverage serving is elegant and pleasurable.

**DON'T PUT off that move any longer.** Lohrey warned. "Make this holiday season the merriest ever in a brand new home at 'The Woods.' We have a variety of flexible financing plans, one that is sure to be ideal for you."

"The Woods is located on Sepulveda Boulevard, one-quarter mile west of the Harbor Freeway. The sales office and furnished model homes are open daily from 10 a.m.
